

Data Collection, Management and Reporting

8th March 2016

Why Collect Data?

To understand quantity and quality of waste

- Quantity:
 - Tonnes collected, processed or disposed

- Quality:
 - Develop diversion programs and set targets
 - Evaluate performance of existing programs

Current Status

Quantity

- Garbage
 - Waste to landfill tonnage
 - Single family black cart tonnage
 - Limited commercial tonnage (ICI and MF)
 - ***MF/ICI/C&D Collection: Private Sector***
- Divertables
 - SF blue cart and community recycling depots
 - Other recyclables and organics (City programs)
 - ***MF/ICI/C&D Collection: Private Sector***

Quality

- Periodic waste characterization studies

Issues and Concerns

- MF, ICI and C&D Tonnage estimated using %
- Waste tonnage leaving Calgary
- New diversion programs (starting 2016)
 - Being serviced by the private sector
 - Need program performance in comparison to targets
 - Success of programs not completely known

Solution:

- Data reporting from private sector
