# WHO WE ARE

Guided by a vision for a waste-free world, the Recycling Council of Alberta is an agent of change, working to reduce waste and advance a Circular Economy in Alberta.

## OUR MISSION

We promote, facilitate and advocate for a Circular Economy in Alberta through waste reduction and resource conservation.

## OUR VISION

A waste-free world.

## WHAT WE DO

Promoting, advocating and taking action for a circular economy in our province is at the core of who we are and what we do.

We work with our board, members and partners including government, industry, recyclers, environmental organizations and other associations to:

**Facilitate and deliver projects** that advance the benefits of a circular economy in Alberta.

**Connect and collaborate with communities, technical experts, thought leaders and policy-makers** to solve some of our biggest waste challenges.

**Create awareness and build knowledge** of the benefits of a circular economy to achieve our vision of a waste-free world.

**Champion key issues, connect partners, industry, government and our communities** to find solutions.
