

The background is a solid blue color. On the left, a white silhouette of an explorer stands on a dark blue mound, looking through a telescope. A white line extends from the telescope towards the center. In the center, a large, multi-lined white circle is drawn. The text 'RCA Explore Circularity Day' is written in white inside this circle. On the right, another white line extends from the circle towards the right edge. The bottom of the image features dark blue mounds and white clouds.

**RCA Explore Circularity Day**

- 📅 March 10, 2025
- 🕒 9 AM to 5 PM
- 📍 NAIT, Edmonton

Explore Circularity Day is a new concept where, once a year, the RCA will explore a circular economy topic in greater detail. This year, we'll collaboratively explore and gain in-depth knowledge about waste-to-energy technologies and – as a hot point of discussion – explore whether waste-to-energy should have a role in the circular economy and its path toward it.

## HOW TO CALL FOR HELP DURING AN EMERGENCY

1. Call 911, then
2. Call Protective Services

In a non-urgent or non-life-threatening situation, contact Protective Services. Phone: 780.471.7477

When in doubt, call 911

## IN CASE OF A BUILDING ALARM

Treat every alarm as an emergency.  
Never assume it is a false alarm.

- You will hear horn tones and/or an evacuation message.
- Evacuate as soon as you hear/see the alarm

## EVACUATION AND EXIT ROUTE

- Please familiarize yourself with the building and the emergency evacuation routes posted in each area.
- There are two emergency meeting points (muster points). One is located on the north side of the building (118 Avenue) and one on the south side (Princess Elizabeth Avenue). Please see the map on the back of this brochure.
